The concerted drive against reckless driving and speeding motorists in Pahokee got under way bright and early Monday morning of this week when W. A. Baile, president of the Pahokee Police Department, announced that he had made two arrests for speeding. The speeders were placed under heavy bonds for their appearance before Mayor John A. Lewis.

Last week in this newspaper, Pahokee Police Chief Haywood Baxter warned all motorists that the drive against speeders would be started on Monday morning. The drive was to be as much of a wake-up call as half a dozen local motorists have been arrested by the Pahokee police officers.

One motorist was placed under a \$50 fine and was warned to restrain for reckless driving and speeding. Other bonds ranged from \$10 up to \$20. The drive will be continued, Mr. Baxter said, until motorists realize that the town of Pahokee and its citizens are serious about the speed limit. Speed limit signs have been erected at town entrances and motorists are urged to read them and co-operate with the police officers.

Martin To Preach Memorial Sermon

Rev. Fred L. Martin, pastor of the Pahokee Methodist church, will preside a special Memorial day sermon Sunday morning at 11 a.m. The members of the American Legion and the Legion Auxiliary will be special guests for the sermon. Members of the Pahokee post of the American Legion will meet at the Legion hall at 10:30 sharp and march in a body to the church for the service.

NO MORE ROAMING DOGS

Dogs are not to roam at large any longer in Belle Glade, as the city council has decided, to establish a pound, and all strays will be placed therein by the city police.

PUBLIC LIBRARY

Belle Glade has long desired a public library, but has not been able to secure it, though WPA, said David P. Monaghan, of the state board, explained why library as such might be secured.

WILL PLAY SOFT BALL

A soft ball league is being formed in Pahokee-Canal Point, from the Pahokee-Canal Point, the Florida Grocery, Kautz Dairy and the U. S. Sugar corporation will be represented with teams, and likely the dredge Wlatka.

Kirchman Tells Of New Sinclair Gas

A. E. Kirchman, agent of the Sinclair Refining Company in this territory has announced the development by Sinclair of a new gasoline with double-range anti-knock qualities. The future of the new gasoline, Kirchman pointed out, refers to the fact that the new motor fuel "gives high anti-knock performance in one but two major respects: speed and economy."

"Every motorist knows," Mr. Kirchman said, "that there are just two important ranges where you need knockless power. The first range is from 10 to 45 miles per hour, or in a long, slow traffic. The second range is 45 miles per hour or higher, where you need extra high anti-knock for speed on the open highway or for sudden bursts of speed to pass other vehicles. These ranges may give high anti-knock in one range but not in the other." Mr. Kirchman continued, "but now Sinclair has developed a gasoline that gives high anti-knock in both the low and high speed driving."

"The great Sinclair researches two different methods are used to produce the double-range anti-knock quality in Sinclair H-Gasoline." Mr. Kirchman concluded. "One method is through the use of catalysts which decompose hydrocarbons in the finished gasoline. The other method is through the addition of tetraethyl lead."

Chamber Members Hear Interesting Talk Monday Night

Ralph Blank, West Palm Beach, Is Visiting Speaker

The Pahokee Chamber of Commerce held its monthly business session at the Legion hall Monday night, with only a small attendance, but those who heard it heard a mighty fine address by Ralph Blank, president of the Coastal Realty company, of West Palm Beach, on "Who is a Chamber of Commerce Means and Can Do for Its City?"

Mr. Blank was thoroughly familiar with his subject, as he had been many years a Chamber secretary, and addressed with enthusiasm and particularly knowledge, and he spoke like a whirlwind. In opening his address he stated that the Glades and Pahokee were no strangers to him, and that he was familiar with the history of the Glades, and that he felt as if he was one and a part of the Glades section.

Mr. Blank was the first secretary of the Ft. Lauderdale Chamber of Commerce, when that city became a small trading post.

The school year for the Pahokee High school will come to a close the coming week, after a very successful year's accomplishment. Many events are on the schedule, but the most important is the Baccalaureate sermon, on this coming Sunday night, at the Baptist church; and the commencement exercises on the school lawn, weather permitting, on Saturday, at eight o'clock.

The program for the Sunday evening service will be as follows: processional, Miss Anita Mitchell; invocation, Rev. J. O. Jamison; Scripture reading, Rev. F. B. Board; benediction, Rev. J. O. Jamison; "The Glades and Jesus with the Light Brown Hair," by senior girls trio; commencement sermon, "Unchartered Seas," Rev. F. B. Board; benediction, Rev. J. O. Jamison; recessional, Miss Anita Mitchell.

The tentative program for the Tuesday night commencement exercises is as follows: Concert by the Sugar corporation band of Clewiston, three numbers; "The Glades and Jesus with the Light Brown Hair," by senior girls trio; commencement sermon, "Unchartered Seas," Rev. F. B. Board; benediction, Rev. J. O. Jamison; recessional, Miss Anita Mitchell.

The tentative program for the Tuesday night commencement exercises is as follows: Concert by the Sugar corporation band of Clewiston, three numbers; "The Glades and Jesus with the Light Brown Hair," by senior girls trio; commencement sermon, "Unchartered Seas," Rev. We are in the midst of the second primary to select our next governor. The people should be on guard, and instead of applauding the candidate who stirred up so much filth, and paraded it before the voters of the State in the first primary, we should rally to the support of the candidate who conducted a clean campaign and expressed the highest regard for the "nine excellent candidates" who were eliminated.

We believe the people of Polk county and Florida will respond to intelligent discussion and planning of a man of White's caliber. He expressed concern for dependent children, leaders indicated in every phase of the citrus industry, and helped hold up a good example of this state. He still believes in a United Florida.

Considering the fact that approximately 360,000 voters cast ballots for the ten candidates—other than his opponent—Whitehead said over radio Monday night this is a "clear cut and conclusive indication that the people of Florida want progressive and business-like government in Tallahassee—a government thinking in terms of "human beings"—rather than the vested interests of the politicians."

The following tribute was paid Whitehead by Rev. A. Barnett, Presbyterian minister of Fern Park, Fla., in answer to the question, "What kind of a man is Francis Whitehead?"

"I have known Francis Whitehead since he was a lad. I watched him grow to maturity and I can say without fear of successful contradiction that in all Florida there is no finer or cleaner character."

And continuing, Mr. Barnett said: "Florida needs a man in the governor's chair like Francis Whitehead. He is in the prime of his vigorous manhood, blessed with a keen interest in the welfare of his state, a desire for efficiency and with a record as clean as driven snow."

"Francis Whitehead is a devoted husband, father and son, respected as an honest man, esteemed for his incorruptibility and beloved for his justice and humanity than have all the riches in the world."

Mr. Barnett said that while he admired Francis Whitehead for "all his many virtues"—he admired him most for his "christian family life," which he described as "ideal and one of the happiest" he had ever known.

"Francis Whitehead is a devoted husband, father and son, respected as a man standards that a man perhaps can best be judged," he said.

Referring to the many underhanded attacks made on Whitehead during the first primary campaign, Mr. Barnett said they were most reprehensible.

"I know Francis Whitehead to be the soul of honor. It is a terrible thing that a man should be so attacked where there is not the slightest truth in any of the things said about him."

"Of course, it is obvious to everyone that these things were done for no other purpose than to accomplish his defeat, but they will fail—as they always failed. Whitehead's character will stand every test and it is for this reason that he will be Florida's next governor."

"Francis Whitehead's program for benefit to the "human beings" of Florida strike a new and refreshing note in the political history of this state. The people of Florida need Francis Whitehead's humanitarian program," Reverend Mr. Barnett concluded.—Lakeland News.

PICK UP LUGGAGE THIEF

Complainant has been filed with the Pahokee police department, that they were stealing automobile tags from cars. Theodore Sims, colored, was caught in the act of removing such a tag from a man, and he was fined \$25 and costs by the police. The man is a Negro, and is making his major recovery from a recent major operation which he underwent at the Good Samaritan hospital.

Christian Used Car Stock Is Exhausted

Raymond Christian, head of the Christian Chevrolet company in Pahokee, said yesterday that the used car market in the county is almost exhausted and unusually good offers are now being made on trade-ins. The Christian company has a full stock of Chevrolet 1940 models and hand offers a free demonstration to any interested motorist.

Florida Needs Whitehair

FRANCIS P. WHITEHAIR
Deland, Fla.

Will Vote Tuesday On Mosquito Control

At the meeting of the Chamber of Commerce Monday night, a letter was read from the West Palm Beach commissioners, which urged all Glades citizens to give support to the proposed Mosquito Control at the election next Tuesday. Palm Beach county is the last of the east coast counties to approve and organize an organization, and it is deemed of vital importance to our future advancement and health to join the other counties and co-ordinate in the work along Health lines.

It is estimated that with a mill tax levy, which would raise around \$15,000 a year, there would be funds sufficient to carry on the work. The Chamber favors the proposition of having the County commissioners act as the executive agency for the control, if the electors should favor it at the election.

The tentative program will include Invocation by Rev. S. E. Jordan; piano solo by Chas. Cress, Jr.; duet by Esther and Helen Hough; song by the Glades girls; invocation by Rev. Paul Whidden; song, "God Bless America"; piano solo, by Dorothy Carpenter; presentation of Awards and class by Prin. J. B. Cox; presentation of diplomas by representative of Superintendents of Schools and the Glades school; singing by the Glades girls; benediction by Rev. G. B. Sartoris.

The following students are candidates for graduation: Sam Snuggs, Edward Smith, Howard Snuggs, Donot Oggle, Herber Anderson, Dorothy Wood, Mary Wilder, Wilma Ward, Martha Stokes, Wanda Lewis, Esther Hough, Eleanor Chastain, and Annette Branch.

Decorations will be handled by Mrs. A. S. Chapman, Mrs. G. E. Cross. The program is being arranged under the direction of C. M. Mullis, teacher, assisted by Mrs. G. B. Sartoris.

This camp will be the second camp for white migrants in agricultural areas, the first one at Pahokee, was assured for the Lake Okeechobee area as bids were opened Wednesday by E. S. Morgan, southeastern farm security administrator, in Montgomery, Ala.

The Southeastern Manufacturing Company of Tuscaloosa, Ala., submitted the low bid of \$220,810. Two other companies, the American and Chastain & Land companies, both of West Palm Beach, were for \$225,588 and \$229,694 respectively.

This camp will be the second camp for white migrants in agricultural areas, the first one at Pahokee, was assured for the Lake Okeechobee area as bids were opened Wednesday by E. S. Morgan, southeastern farm security administrator, in Montgomery, Ala.

The Pahokee camp, to accommodate 150 families, will provide 100 dormitory, 30 labor houses, one assembly building, one utility building, four comfort stations, a nursery, clinic, an isolation utility, manager's dwelling, office and garage, three house car houses, a road, water supply, sewerage disposal and landscaping.

Two other camps are contemplated for Florida. Construction on the Pahokee project will begin in June, to be completed within 220 days.

25 Applicants For Pahokee P.O. Place

There still remain few days for prospective applicants to secure blank and ready-made applications with the Pahokee Civil Service Commission, the date expiring at noon on May 28th: Mrs. Vera Gammie, secretary, reports that up to that time, Wednesday, 25 blank forms had been taken out, but not all of these had been filed. An examination will be held to secure the list from which Congresswoman Pat Cannon will pick her recommendation.

Prof. Robert Lampi, the band director, now has 66 students enrolled in the band, and is holding Monday and Thursday night rehearsals at the auditorium. This director shows he knows his music, by the manner in which the children respond to his instructions and paintings musical information, both as to reading and instrument technique.

Pahokee will have a real football team by the time the season opens during June. Prof. Lampi will conduct private instruction for such pupils who desire to study.

EASTERN STAR VISITORS

Pahokee Chapter of the Eastern Star, on Tuesday night, was honored by a visitation of numerous guests from Miami, Ft. Lauderdale and Ft. Pierce, who came to attend the Past Matron's and Patrons night celebration. The official staff of the Grand Chapter of Florida was represented by Mrs. Mills Page, grand instructor of the 2nd district, most interested in the activities and programs made to honor guests. A chapter committee served very delicious refreshments during the evening.

TO ALL FAMILIES

Mr. and Mrs. Mark Challancin of South Bay are the proud parents of a son, George Michael, born at the Everglades Memorial Hospital May 19. Mrs. Challancin formerly was Mrs. Michael Thompson of Swainsboro, Georgia.

BASS SPOTS NOT OPEN

The black bass fishing season in all of Lake Okeechobee opens on Tuesday, but as the fishing has been open all season anyway, there was not the usual rush of anglers to the fishing waters. The Belmore and the Past Matron's and Patrons night celebration is over, but to date no sizeable fish have been entered therein.

ATTEND FUNERAL

Fred Hickerson of Pahokee, on Monday, received word of the death of his mother, Mrs. C. E. Hickerson, of Arcadia, aged 75 years. Mr. and Mrs. Hickerson resided in the Everglades section of the county. The deceased is survived by her husband, three sons and three daughters, all of adult age.

WANTS FIELD RE-OPENED

Commodore Peterson is urging the Army and War departments to re-open Carlstrom and Dow fields for training purposes for summer training.

The fields were in use during the summer of 1917, but were discontinued on Tuesday, May 28th.

Persons who have subscribed to this fund will be called upon for their final contribution of the season, which the officers hope may be liberal, as the money is badly needed.

MONEY SAVING EXPENDITURE

The other day we saw a northern newspaper which published a legal advertisement showing the exact amount of every expenditure made in the city during the

preceding month. Every detail was recorded, from 38 cents for cleaning powders to the outlay for the mayor's salary.

Opponents of such publication argue that the cost is a needless waste of public money. They say the city is being operated efficiently and that further spending is unnecessary.

However, experience with the plan has shown that, when the extra costs of operation are published, the persons who spend the money are more careful to drive sharp bargains—they are careful to be sure that the city make the most economical purchases in all instances.

**South Bay Man
Injured By Car**

A. L. Byrd, well known farmer of South Bay, about midnight on Monday, while enroute from the service station at his home, was struck by a passing automobile and critically if not fatally injured. The driver of the offending machine, unknowingly or otherwise, who had struck the aged man, kept him waiting until his identity is now known. Statements made for help were made by Mr. Byrd and were finally heard by a neighbor, who made investigation and made notification. Mr. Byrd was admitted to the Everglades hospital, where he remains to this day. It was found that he had sustained a broken leg and foot, lacerations about the wrist and shoulder, in addition to likely internal injuries.

Bleech Represents
Orlando Company

American Fire and Casualty Company, of Orlando, Florida, recently became admitted to the State of South Carolina. This Company was admitted to write property, Fire and Windstorm and allied lines, all forms of Casualty insurance and Fidelity and Surety Bonds.

The American Fire and Casualty Company is in exception, due to the fact that it writes in the State of Florida a complete line of coverages, a service usually given by a group of companies.

The "American", as an organization, began business in 1927 and has made exceptional progress.

The "American" continues its

policy of operating through exclusive agencies, those which represent no other companies in all new territory. The "American" is

widely known as a "preferred risk" company, as all of its operations have been a most conservative.

The Company is also known favorably for its prompt payment of claims.

The "American" is represented in Pahokee and Belle Glade territory by Otto R. Bleech.

BANDMASTER RETIRES

J. W. Crowley, who for six years has been the director of the Ervin Beach, Ft. Pierce and Stuart bands, has recently retired and has presented his resignation, and will again take up his former work as an architect. These four bands are rated high in school circles and always make a great appearance at foot ball games and other public events.

BIRTHDAY PARTY

A company of small youth were entertained by Mrs. E. E. Eustis on Saturday, the 10th of the tenth birthday of her son, 2326 E. Eustis.

The large enclosed yard gave the kiddies opportunity for plenty outdoor romping and play.

Elmer Eustis, the big dog, shone by with a waterful of water in his eye. Each of the two newest home well filled internally with cake and ice cream, and Elmer was the happiest kid in the bunch. Later he took time to play with birthday gifts that had been brought him by his young acquaintances and guests.

I've learned something. It pays to buy Sinclair Opaline or Sinclair Pennsylvania Motor Oil. These oils last so long they save you money.

Sinclair Opaline and Sinclair Pennsylvania Motor Oils last longer because they're de-waxed and de-jellied by an extra refining process. You don't have to add oil so often between drains.
